East Coast Bali Indonesian

28 days on Bali

Postscript

This album includes a picture of every day I lived in Bali.

It was not fun to have to leave Bali for almost 4 weeks among pleasant people. Everyone I met on my way was always smiling, friendly and very helpful. My English is not the best, but all were sympathetic.

Not on some of my other travels, I have met and talked with so many people from around the world.

Will it be possible, I repeat the trip again in 2018, but in a slightly different way. I will try to move around to different places in Bali and apply 5-6 weeks.

The image on front page is from Taman Ujung Water Palace, located just north of Candidasa and near the coast.

The City gate in Candidasa

It is rarely free, but this experience at Luwak was. We were invited inside the plantation for tea and coffee tasting at Luwak.

Pool with the sea

With the sea in the background and the pool in the foreground, is the open restaurant right on the picture.

A few times I left the comfortable life in The Restort and went for a little trip to the south to look at the traffic and enjoy a Bintang.

Inside the resort was
